

Post Hurricane Information

BGE advises us that:

- Most power is on now in the south part of town with the exception of Old Bayside Road and connecting side streets.
- Due to additional problems, power has **not** been restored to Richfield Station. We do not have a timeline regarding when power will be restored. Crews are continuing to work to restore power as soon as possible.

Richfield Station:

- Some homes in Richfield Station have grinder pumps and are unable to operate their toilets and showers. Sixteen Porta-Johns are now in place at obvious locations in Richfield Station.
- For those with grinder pumps, the Northeast Community Center and the Chesapeake Beach Water Park have restroom and shower facilities. The Northeast Community Center is open from 9:00 am to 9:30 pm and the Water Park is open from 9:00 am until 7:00 pm. Please bring your own towels and you may wish to bring your own soap, shampoo and flip flops.
- As an alternative, if you are on a grinder pump, you may want to call a plumber or septic service and have your grinder pit pumped-out. There is, of course, normally a fee for this service. You might consider getting a group together (neighbors) for a possible discount.
- If you do not have a grinder pump, it is okay to use your water and toilets.
- If you don't know if you have a grinder pump, call Town Hall at 410-257-2230 or 301-855-8398.

Storm Debris:

- The Town is accepting hand-carried limbs and small branches at Kellams Field where a chipper is available through the rest of the week during business hours (8:00 am to 5:00 pm). This service is for the citizens of the town who are clearing their debris. No tree contractors will be allowed.
- We are relaxing the guidelines regarding "bundled and tied branches" and you may pile your small branches and limbs at your curb and the Town will pick them up as soon as they can and no later than September 9th. No tree trunks – only branches.
- Trash pick-up will operate on the regular schedule.

Roads:

- 27th Street, between D and E Streets, is the only street within the Town limits that is closed.
- Hwy. 261 is now open to the south, but may have some single lane areas due to repairs.

Miscellaneous Information:

- Ice and other supplies are available at all of the usual outlets.
- The Library is open and has Internet access available.
- If you need to charge your cell phone or other portable devices, bring them to Town Hall.
- We suggest citizens keep sand bags for future use, or you may return them to Kellams Field.
- Brownie's Beach is open and staffed.
- The Chesapeake Beach Water Park will be open for its final weekend Saturday, Sunday and Monday, September 3 through 5...weather permitting.
- If you would like to receive our blast emails in the future, please go to the town website: www.chesapeake-beach.md.us and sign up where indicated on the left side of your screen.
